Residence Permit for Greece with the acquisition of property above 250.000 Euros

GREECE The New “Hot Spot” of European and Southeast Mediterranean Real Estate Market, can grant residence permits, for Non-EU citizens and their families with the acquisition of property above 250.000 Euros.

The residence permits are renewed every five years, as long as the Non-EU citizen keeps the ownership of the property.

It is not a work permit, but the law does not forbid the real estate owners, after granting their residence permits, to establish a company in Greece and exercise an economic activity in the capacity of a shareholder or a Chief Executive Officer.

Once the non-EU citizen acquires a residence permit in Greece, then he is allowed to live in Greece, exit and re-enter Greece any time without a visa and travel to all Schengen countries without further documentation other than his passport.
